

Step Up to Writing in Math

TABLE OF CONTENTS

SECTION 1 Vocabulary

1-1	Math Vocabulary Lists	4
1-2	Tips for Introducing New Words.....	6
1-3	Breaking Down Definitions.....	6
1-4	Homonyms, Homophones, and Homographs.....	10
1-5	Word Webs.....	12
1-6	Concept Maps.....	14
1-7	Word Banks	16
1-8	Meaningful Sentences	18
1-9	Word Maps	20
1-10	Riddles.....	22
	Math Tools.....	25

SECTION 2 Reading and Taking Notes

Reading General Text with Math Content

2-1	Reading Notations	47
2-2	Marking the Text.....	47
2-3	Two- and Three-Column Notes for General Text.....	48
2-4	Creating Textbook Study Guides	52
2-5	Framed Responses	55
2-6	Other Strategies for Improving Reading Comprehension	56

Reading and Understanding Word Problems

2-7	Marking Word Problems to Improve Understanding	57
2-8	Highlighting or Underlining Word Problems	59
2-9	Using Two-Column Notes to Read and Solve Word Problems	63
2-10	Hints for Illustrating Word Problems	68
2-11	Using Three-Column Notes with Illustrations to Solve a Word Problem	70
2-12	Using Three-Column Notes to Explain a Problem-Solving Process.....	73
2-13	Avoiding Common Stumbling Blocks with Word Problems	76
	Math Tools	80

SECTION 3 Summarizing Text and Writing About Graphs

3-1	Four-Step Summary Paragraph.....	98
3-2	Practicing I-V-F Summary Topic Sentences	102
3-3	Writing to Explain a Graph.....	103
3-4	Analyzing, Interpreting, or Critiquing Graphs at Different Levels	106
3-5	Framed Paragraphs for Writing About Graphs.....	112
	Math Tools	114

SECTION 4 Asking and Answering Questions

4-1	Asking a Variety of Questions.....	120
4-2	Using the CROWD Strategy to Create Better Questions	126
4-3	Teaching Concrete, Critical, and Creative Questions	128
4-4	Encouraging Great Short Answers	130
4-5	Writing Clear, Concise, Organized Essay Answers	132
4-6	Empowering Students With Questioning Skills	134
	Math Tools	137

SECTION 5 Writing for Assessments

5-1	Explaining Steps Taken to Solve a Word Problem	147
5-2	Turning an Explanation Into a Formal Paragraph	155
5-3	Scoring Paragraphs that Explain Steps in Problem Solving	158
5-4	Using Framed Paragraphs to Practice for Writing in Math Assessments.....	160
5-5	Preparing for Other Specific Types of Exam Questions.....	163
	Math Tools	168

SECTION 6 Writing for General Assignments

6-1	Accordion Paragraphs	186
6-2	Accordion Reports and Essays.....	198
6-3	Accordion Races.....	203
6-4	Framed Paragraphs.....	206
6-5	Scoring Paragraph and Report Writing	210
	Math Tools	215

SECTION 7 Creative and Personal Writing

Creative Writing

7-1	Writing from a Different Point of View	236
